FAQs

- **What's the age requirement for a birthday party?**

Our birthday parties are for students turning 12 years old and up, and all participants must be 12 years old or in the 6th grade.

- **How soon can I set up for the party?**

The earliest you may arrive to set up is 15 minutes prior to the birthday party.

- **What's included in the birthday party package?**

You will have a dedicated Event Facilitator assigned to you. Your group will have its private space and will not be intermingling with other groups that may be present in the building. You will also have access to our many games and attractions, tables and chairs, an ice maker, water fountains, and vending machines.

- **When is payment for the event due?**

100% payment is required at the time of booking for our birthday parties.

- **Do you require a waiver?**

Our insurance provider requires signed waivers from participants. You can access the waiver [is at here](#).

- **Who can attend the event?**

All student events must have at least one chaperone (21 years or older) present with the group for the entirety of the event. We recommend having one adult chaperone (21 years or older) for every 20 participants. Adult chaperones for this 1:20 ratio may participate free of charge.

- **Can I bring food, drinks, or gifts?**

Food, drinks, and a birthday cake and opening gifts are encouraged, but must be done within your allotted event time.

- **Can I bring alcoholic beverages?**

Yes, and the simplest way is to bring it in coolers. If you want a bartender to serve it, the server must be TACB certified, and Group Dynamix must be added as an additional insured on the caterer's liability policy. If a group consumes alcohol, they will not be permitted to use the ropes course.

- **Can I bring decorations?**

Decorations are permitted as long as they do not cause any damage to our building. Decorating can be done no more than 15 minutes before your designated event time unless pre-arranged with Group Dynamix.
